

Wisconsin Dental Pain Protocol Project

To Participants:

We want to thank all of you for agreeing to participate in this worthwhile initiative. Below you will find the link for the webinar: **Management of Dental Pain in the Emergency Room** for ED and UCC personnel. The length of the webinar is approximately 1 hour and 26 minutes, which may be difficult for staff to view in its entirety due to busy schedules. Therefore, we are providing the following time stamp outline in order for participants to view or review particular segments as needed.

TIME STAMP LIST:

- I. Opioid prescribing and Its Impact (2:52)
- II. Local anesthetic and Use of Vasoconstrictors (7:32)
- III. Anesthetics for Dental Pain (14:52)
- IV. Anesthesia injection Techniques (25:35)
- V. Delivering Local Anesthetic Demonstration (29:05)
- VI. Types of Analgesia (46:08)
- VII. Dental Infection and Antibiotic Selection (1:02:28)

- For those individuals participating in the hands-on training it is important to review sections II. – V. prior to the training date.
